History made recently by the Bracebridge girls hockey team

The Bracebridge girls hockey team made history for Bracebridge when they became part of the Ontario Women's Hockey Association. These girls play on junior OMHA house league teams.

On Jan. 18, the girls were to play against the Almaguin Gazelles in Baysville, but due to bad weather the other team was unable to attend.

On Jan. 20, Almaguin hosted Bracebridge at the Sundridge arena. Both teams put on a great show of sportsmanship and an awesome game was played. Bracebridge rocked Almaguin 5-1.

OMHA president Steve Bowman was on hand for the girls' first game and told the team they should be proud of themselves for their teamwork and the great game they played and for making history for Bracebridge.

Head coach Sue Augustine, Angela Lytle and Christy Macdonald are very proud of the commitment and hard work these young ladies dedicate to the sport. Keep up the good work.

Watch for the OWHA girls home opener, to be announced, and come out and cheer them on.
